Buccal tablets

## Indications for use

Dietary supplement based on saffron-valerian-theanine (patent pending No. 102018000010002), with Quatrefolic®, myo-inositol, melatonin and Vit. D, sugar-free, lactose-free with sweeteners.

Dietary supplement based on saffron that contributes to the normal mood and Quatrefolic® (folate) which contributes to the normal psychological function. The intake of valerian contributes to relaxation and sleep in the event of stress, melatonin contributes to the reduction of the time required to sleep (the beneficial effect is obtained with the intake of two tablets that bring 1 milligram of melatonin). The presence of theanine from Tea leaves has a positive effect on mental fatigue.

## Directions for use

1 tablet, 1-2 times a day, to be dissolved slowly in the mouth.

## Ingredients
